

Wesleyan Emergency Alert (WesAlert)

STAY INFORMED. STAY SAFE WITH WESALERT.

Wesleyan College keeps you connected during critical moments with WesAlert, our official emergency notification system. Whether it's severe weather, campus safety updates, or other urgent situations, WesAlert ensures you receive timely and reliable information.

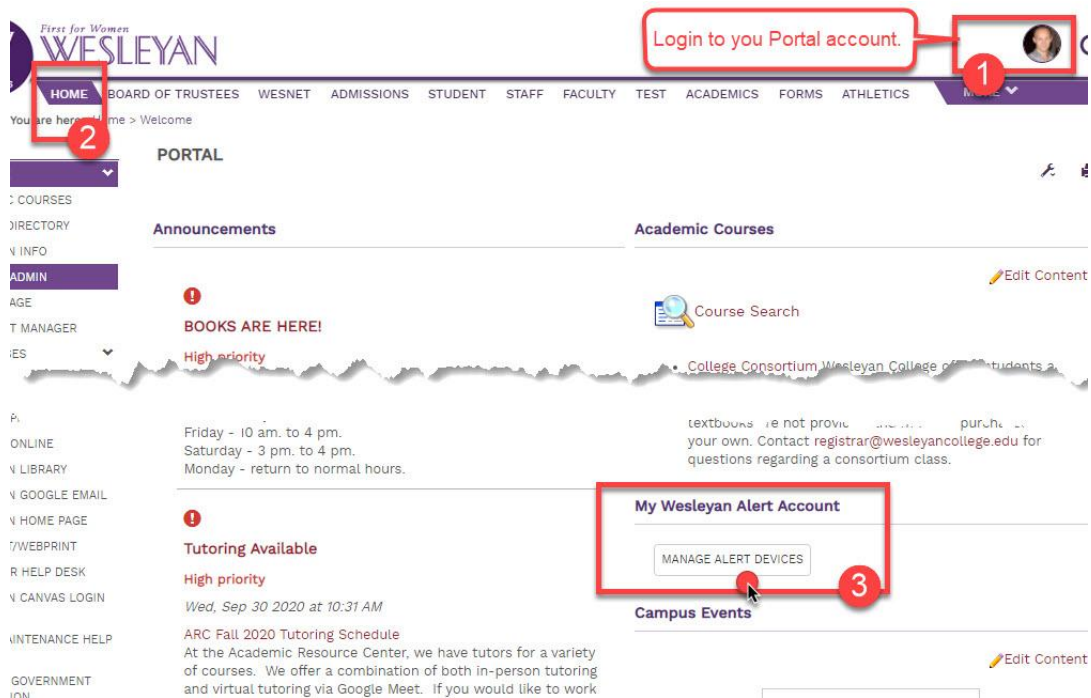

Here's what you need to know:

1. All enrolled students and active employees are automatically subscribed to WesAlert using their Wesleyan email address, so emergency notifications will always be delivered to your Wesleyan inbox. Alerts will not be sent to personal email accounts or mobile devices unless you register those separately.
2. Accounts are removed automatically for those no longer enrolled or employed.

To make sure you never miss an important alert, **add your mobile number** to WesAlert today. This allows you to receive text messages directly to your phone—the fastest way to stay informed. After you register your number, you'll receive a quick verification text to confirm your subscription.

Don't wait—take a minute now to secure your connection to campus safety!

1. Log in to your [WesPortal](#) account.
2. On the Home page, click "Manage Alert Devices".
3. Click "Add New Phone".
4. Enter your phone number and click the Save button (floppy disk icon).
5. Check your phone for a text message and reply with **VALIDATE** to confirm.
6. In WesPortal, click "I have validated my phone".
7. You'll receive a confirmation message letting you know you've successfully opted in.
8. You're all set!
